

Anchor Connect

Product Information

Instantly view an overview of all products and jobs from any device (mobile, desktop, tablet)

Execute & pause a job from anywhere, allowing multiple employees to use a single standalone server for job processing & job queue. This provides the customer with the ability to prioritize and optimize job orders

Install and run features of AnchorConnect locally or in the cloud

AnchorConnect allows the user to utilize their full internet capabilities without the slowdown of FTP

Military grade 256 bit encryption

True client service install with an accompanying lite GUI that runs locally from any machine

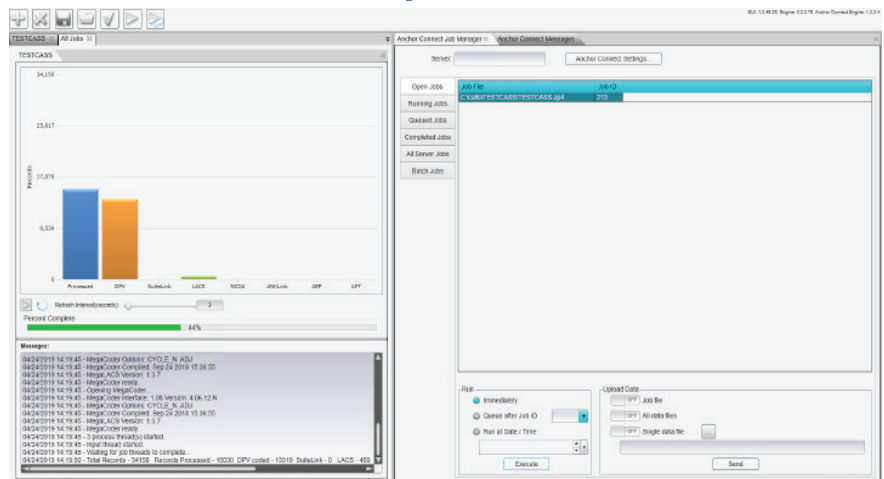

Provides customer flexibility—AnchorConnect is highly scalable

Reduce overhead costs by running in the cloud

Process 10 million + records per hour

Save on USPS® licensing fees

AnchorConnect™ is Anchor's proprietary enterprise platform that allows organizations to seamlessly access Anchor products and services whether on-premise or off-premise.
